Phone – 310.201.7421

David Neesen is Greenberg Glusker's Chief Information Officer, specializing in all aspects of network design and implementation, remote access solutions, security and IT management.

With more than 14 years of experience in IT, he is responsible for the operational management of the Firm's technology resources. Dave regularly interfaces with the firm's directors and Management Committee to ensure a proper technical infrastructure for supporting the firm's clients. Among his many projects at Greenberg Glusker, Dave has successfully implemented a disaster recovery and business continuity plan, ensuring the firm's viability during a disaster.

Prior to Greenberg Glusker, Dave was the IT Manager at The Rogers Group, a Los Angeles-based public relations agency, and before that he worked as an engineer at a legal technology consulting company in Orange County.

Dave is a pilot and cycling enthusiast.
